To Pastors and Administrators

We praise Jesus for bringing over 20 addicted women to the new Charis Centre. The first floor will soon be full, and we urgently need to complete the kitchen renovations and outside of the building

A UGM supporter has offered to match every donation given over the next month towards this \$60,000 project, so every gift is doubled! Please pray that many supporters will bless our women at the Charis Centre and help 'Finish the Kitchen'. Thank you!

A UGM supporter has offered to reinsulated and side the building however we need to get the stucco off first, we are looking for volunteer teams that help us with this project in August and September. If you can help please call Jeff at 943-9904.

Thank you for your continued prayers
